Saint Louis University and YouGov surveyed 900 likely Missouri voters from February 18 to March 2 about current political issues and education policy in Missouri. The following pages present results for most survey questions. The margin of error for survey results for the full sample is 3.64%. Margins of error for questions asked to subsamples are listed below where available. Original data and analyses from the SLU Poll Directors are available at <http://www.slu.edu/poll>.

Funding and Support

The February 2025 SLU/YouGov Poll was funded by the PRiME Center, an independent research center housed in the SLU's School of Education.

About Saint Louis University

Founded in 1818, Saint Louis University is one of the nation's oldest and most prestigious Catholic institutions. Rooted in Jesuit values and its pioneering history as the first university west of the Mississippi River, SLU offers more than 15,200 students a rigorous, transformative education of the whole person. At the core of the University's diverse community of scholars is SLU's service-focused mission, which challenges and prepares students to make the world a better, more just place.

Methodology and Weighting

YouGov interviewed 1320 Missouri (MO) registered voters, with the goal of screening for and surveying Missouri likely voters. The Missouri registered voters were then matched down to a sample of 1085, yielding a target subsample of 900 likely voters including 450 from each treatment group. The respondents were matched to a sampling frame on gender, age, race, education and treatment group. The sampling frame is a politically representative “modeled frame” of US adults, based upon the American Community Survey (ACS) public use microdata file, public voter file records, the 2020 Current Population Survey (CPS) Voting and Registration supplements, the 2020 National Election Pool (NEP) exit poll, and the 2020 CES surveys, including demographics and 2020 presidential vote.

The matched cases were weighted to the sampling frame using propensity scores. The matched cases and the frame were combined and a logistic regression was estimated for inclusion in the frame. The propensity score function included age, gender, race/ethnicity and education. The propensity scores were grouped into deciles of the estimated propensity score in the frame and post-stratified according to these deciles.

The weights were then post-stratified on 2020 and 2024 presidential vote choice as well as a four-way stratification of gender, age (4-categories), race (3-categories), and education (4-categories). The weighted dataset of registered MO voters was then subsetted on likely MO voters, and the weights were trimmed and recentered around 1, to produce the final weights for Likely Missouri voters.

Poll Questions and Page Numbers for Results

Do you approve or disapprove of the way each is doing their job...Donald Trump? 8

Do you approve or disapprove of the way each is doing their job...The US Congress? 9

Do you approve or disapprove of the way each is doing their job...The US Supreme Court? . . 10

Do you approve or disapprove of the way each is doing their job...The Missouri State Legis-
lature? 11

Do you approve or disapprove of the way each is doing their job...Governor Mike Kehoe? . . 12

Do you approve or disapprove of the way each is doing their job...Senator Josh Hawley? . . 13

Do you approve or disapprove of the way each is doing their job...Senator Eric Schmitt? . . 14

Which of the following do you think should be the TOP priority of the Missouri state gov-
ernment? 15

How would you rate the following...The Economy in the United States? 16

How would you rate the following...The Economy in the State of Missouri? 17

How would you rate the following...Public Schools in your community? 18

How would you rate the following...Public Schools in the State of Missouri? 19

How would you rate the following...Crime in your community? 20

How would you rate the following...Race relations in your community? 21

How would you rate the following...Your physical health in the last month? 22

How would you rate the following...Your mental health in the last month? 23

How would you rate the following...Roads and infrastructure in the State of Missouri? 24

Do you agree or disagree with the following statements...The United States is on the right
track and headed in a good direction? 25

Do you agree or disagree with the following statements...The State of Missouri is on the right
track and headed in a good direction? 26

Do you agree or disagree with the following statements...The Federal Government should
expand the Child Tax Credit from a maximum of \$2,000 per child to \$5,000 per child? 27

Would you support or oppose eliminating Missouri’s state income tax? 28

If the State of Missouri eliminated the state income tax, which of the following would you be
most willing to tax to make up for lost revenue? 29

Do you favor or oppose the following policies...Charging someone with first-degree murder if
they knowingly distributed fentanyl to a person that caused that person’s death? . . 30

Do you favor or oppose the following policies...Imprisoning someone for 5 to 10 years if their
manufacturing or possession of fentanyl endangers a child? 31

Do you favor or oppose the following policies...Requiring law enforcement agencies to report
criminal offenders’ citizenship status to the Missouri Department of Public Safety? . 32

Do you favor or oppose the following policies...Providing full-tuition scholarships to public
colleges for first responders (for example, police officers, firefighters, and paramedics)
and their legal dependents? 33

Missouri state legislators have proposed police departments in some Missouri cities be con-
trolled by the state (for example, a board that includes the mayor and members
approved by the governor) instead of locally (for example, a board appointed by the
mayor)...Who do you prefer to control the following police departments in the state of
Missouri...Kansas City police department? 34

Missouri state legislators have proposed police departments in some Missouri cities be controlled by the state (for example, a board that includes the mayor and members approved by the governor) instead of locally (for example, a board appointed by the mayor). Who do you prefer to control the following police departments in the state of Missouri...St. Louis City police department?	35
Missouri state legislators have proposed police departments in some Missouri cities be controlled by the state (for example, a board that includes the mayor and members approved by the governor) instead of locally (for example, a board appointed by the mayor)...Who do you prefer to control the following police departments in the state of Missouri...Springfield police department?	36
Missouri state legislators have proposed police departments in some Missouri cities be controlled by the state (for example, a board that includes the mayor and members approved by the governor) instead of locally (for example, a board appointed by the mayor)...Who do you prefer to control the following police departments in the state of Missouri...Your local police department?	37
To the best of your knowledge, what time do public high schools start in your district? . . .	38
Research indicates that high school students need more sleep, and later school start times could increase the amount of sleep students get and thus provide health, academic, and safety benefits. The American Academy of Pediatrics (AAP) recommends that high schools delay start times until at least 8:30 AM. However, some say delaying school start times disrupts the schedules of working parents, creates transportation issues, and complicates the scheduling of extracurricular activities (e.g., sports). What time do you think public high schools in your district should start?	39
What time do you think public high schools in your district should start?	40
What would be your main concern about moving back school start times?	41
Over the last forty years, there have been advances in technology. Do you believe the following advances in technology have had more positive or negative effects on society...Personal computer?	42
Over the last forty years, there have been advances in technology. Do you believe the following advances in technology have had more positive or negative effects on society...The internet?	43
Over the last forty years, there have been advances in technology. Do you believe the following advances in technology have had more positive or negative effects on society...Smart phones?	44
Over the last forty years, there have been advances in technology. Do you believe the following advances in technology have had more positive or negative effects on society...Social media?	45
Over the last forty years, there have been advances in technology. Do you believe the following advances in technology have had more positive or negative effects on society...Artificial intelligence (for example, ChatGPT or Google Gemini)?	46
Do you favor or oppose Missouri public schools providing each student a personal laptop or tablet computer to use in the classroom for education purposes in...elementary schools?	47
Do you favor or oppose Missouri public schools providing each student a personal laptop or tablet computer to use in the classroom for education purposes in...middle schools?	48
Do you favor or oppose Missouri public schools providing each student a personal laptop or tablet computer to use in the classroom for education purposes in...high schools?	49

Do you favor or oppose public schools prohibiting students from accessing their cell phones during regular instructional activities unless authorized by the school principal in...elementary schools?	50
Do you favor or oppose public schools prohibiting students from accessing their cell phones during regular instructional activities unless authorized by the school principal in...middle schools?	51
Do you favor or oppose public schools prohibiting students from accessing their cell phones during regular instructional activities unless authorized by the school principal in...high schools?	52
Do you favor or oppose public schools prohibiting students from accessing social media using the school’s internet access, except when instructed by the teacher for educational purposes, in.elementary schools?	53
Do you favor or oppose public schools prohibiting students from accessing social media using the school’s internet access, except when instructed by the teacher for educational purposes, in.middle schools?	54
Do you favor or oppose public schools prohibiting students from accessing social media using the school’s internet access, except when instructed by the teacher for educational purposes, in.high schools?	55
At what age should children be legally allowed access to social media?	56
A bill in the Missouri state legislature proposed school districts adopt internet safety policies for students to be allowed to access the internet provided by the school district. These policies would: Limit students’ internet access to age-appropriate subject matter; Protect students’ security and safety when using electronic communications (for example, email or chat rooms); Prohibit students from accessing data or information relating to unlawful online activities (for example, hacking or fraud); Prohibit students from accessing websites or software that does not protect students’ personal information. Do you favor or oppose school districts adopting such policies?	57
Do you favor or oppose requiring Missouri public schools to teach students...The importance of the right to freedom of speech?	58
Do you favor or oppose requiring Missouri public schools to teach students...How to identify online misinformation?	59
Do you favor or oppose requiring Missouri public schools to teach students...The purpose and acceptable use of social media platforms?	60
Do you favor or oppose requiring Missouri public schools to teach students...About social media’s negative effects on mental health?	61
Do you favor or oppose requiring Missouri public schools to teach students...How to appropriately use artificial intelligence (for example, ChatGPT) in educational and workplace settings?	62
Do you favor or oppose the following policies...The federal government banning access to social media platforms owned by other countries (for example, TikTok)?	63
Do you favor or oppose the following policies...Prohibiting students from using artificial intelligence on schoolwork?	64
Do you favor or oppose the following policies...Requiring political advertisements to include a disclaimer if they contain artificial intelligence-generated content?	65
Do you favor or oppose the following policies..Prohibiting the usage of artificial intelligence-generated content in political advertisements?	66
Would you support or oppose eliminating the U.S. Department of Education?	67

In general, do you support or oppose an Education Savings Account program for Missouri?	68
Do you favor or oppose the following proposed or enacted policies concerning Missouri schools...Children who are 6 years old must attend school (for example, public, private, or home-school)?	69
Do you favor or oppose the following proposed or enacted policies concerning Missouri schools...Public school students must receive the polio vaccine, allowing exemptions for religious and medical reasons?	70
Do you favor or oppose the following proposed or enacted policies concerning Missouri schools...Allowing public school teachers to carry concealed weapons with a valid concealed carry permit and school's permission?	71
Do you favor or oppose the following proposed or enacted policies concerning Missouri schools...Public schools must provide free meals to students, regardless of income?	72
Do you favor or oppose the following policies...Allowing charter schools to operate in my school district?	73
Do you favor or oppose the following policies...Allowing charter schools to operate in all parts of the state?	74
Do you favor or oppose requiring individuals to meet the following requirements to teach in a Missouri public school (i.e., kindergarten through 12th grade)...Teachers must receive certification from the state?	75
Do you favor or oppose requiring individuals to meet the following requirements to teach in a Missouri public school (i.e., kindergarten through 12th grade)...Teachers must pass a standardized test in their subject area?	76
Do you favor or oppose requiring individuals to meet the following requirements to teach in a Missouri public school (i.e., kindergarten through 12th grade)...Teachers must have a 3.0 collegiate grade-point average in their subject area?	77
For an individual to teach in a Missouri public school (i.e., kindergarten through 12th grade), the individual should at least have a...	78
Below are different federal programs or services. Does the Department of Agriculture, Department of Education, or Department of Health and Human Services primarily run these programs...Medicaid?	79
Below are different federal programs or services. Does the Department of Agriculture, Department of Education, or Department of Health and Human Services primarily run these programs...Headstart?	80
Below are different federal programs or services. Does the Department of Agriculture, Department of Education, or Department of Health and Human Services primarily run these programs...Supplemental Nutrition Assistance Program?	81
Below are different federal programs or services. Does the Department of Agriculture, Department of Education, or Department of Health and Human Services primarily run these programs...Free and reduced school lunch?	82
Below are different federal programs or services. Does the Department of Agriculture, Department of Education, or Department of Health and Human Services primarily run these programs...Student loans (i.e., Federal student aid)?	83
Below are different federal programs or services. Does the Department of Agriculture, Department of Education, or Department of Health and Human Services primarily run these programs...Federal special education funding (i.e., Individuals with Disabilities with Education Act)?	84

Below are different federal programs or services. Does the Department of Agriculture, Department of Education, or Department of Health and Human Services primarily run these programs...Federal funding for schools serving low-income students (i.e., Title 1)? 85

Would you describe charter schools as public schools or private schools? 86

To the best of your knowledge, are these policies currently enacted in Missouri...Children who are 6 years old must attend school (for example, public, private, or home-school)? . . 87

To the best of your knowledge, are these policies currently enacted in Missouri..Public school students must receive the polio vaccine, allowing exemptions for religious and medical reasons? 88

To the best of your knowledge, are these policies currently enacted in Missouri...Allowing public school teachers to carry concealed weapons with a valid concealed carry permit and school's permission? 89

To the best of your knowledge, are these policies currently enacted in Missouri...Public schools must provide free meals to students, regardless of income? 90

To the best of your knowledge, are these policies currently enacted in Missouri or your school district...Charter schools can operate in my school district? 91

To the best of your knowledge, are these policies currently enacted in Missouri or your school district...Charter schools can operate in all parts of the state? 92

To your knowledge, does Missouri have an Education Savings Account Program? 93

Do you approve or disapprove of the way each is doing their job...Donald Trump?

Missouri state legislators have proposed police departments in some Missouri cities be controlled by the state (for example, a board that includes the mayor and members approved by the governor) instead of locally (for example, a board appointed by the mayor). Who do you prefer to control the following police departments in the state of Missouri...St. Louis City police department?

The sample size for the above results is 814. 85 respondents answered “don’t know.” 1 survey respondent did not answer.

Research indicates that high school students need more sleep, and later school start times could increase the amount of sleep students get and thus provide health, academic, and safety benefits. The American Academy of Pediatrics (AAP) recommends that high schools delay start times until at least 8:30 AM. However, some say delaying school start times disrupts the schedules of working parents, creates transportation issues, and complicates the scheduling of extracurricular activities (e.g., sports). What time do you think public high schools in your district should start?

A bill in the Missouri state legislature proposed school districts adopt internet safety policies for students to be allowed to access the internet provided by the school district. These policies would: **Limit students’ internet access to age-appropriate subject matter; Protect students’ security and safety when using electronic communications (for example, email or chat rooms); Prohibit students from accessing data or information relating to unlawful online activities (for example, hacking or fraud); Prohibit students from accessing websites or software that does not protect students’ personal information.** Do you favor or oppose school districts adopting such policies?
